

February 2nd—Black History Presentations in the gym

With Speaker: Loretta Penny

First Presentation 9:15 a.m.—Kindergarten to Grade 4 JOURNEY THROUGH THE AMAZON RAINFOREST

The Amazon is the largest tropical rainforest on Earth! This exotic land is brimming with insects, jaguars, monkeys, snakes, birds and more!

Retrace Loretta and Michael's adventurous two month journey as they paddle and trek through tangled jungles with the indigenous Tukano peoples of Brazil.

Discover wildlife species at all levels of the forest. Uncover methods of survival. Examine the environmental concerns facing vanishing cultures today!

The most adventurous research trip of our lives!

Second Presentation: Grade 5 to 8 WORLD ISSUES: Vanishing Cultures

Indigenous peoples of the world share common values, knowledge, struggles, spiritual traditions and a rich and vibrant history. Whether in the rainforests of South America, the outback of Australia, or the reserves of North America, they are united in preserving their land, environment, culture and vision for the future of all mankind.

Join us on a journey that begins 40,000 generations ago. Through powerful visuals and stories, we will examine the connections of our first peoples and how their survival will benefit all mankind.

This show promises to elevate one's consciousness of the bond between humans and nature and the importance of ancient wisdom.

The cost of this event is covered through fundraising dollars. Thank you!
